Board of Directors
Denver Regional Council of Governments
1290 Broadway, Suite 700
Denver, CO 80203

Dear Colleagues:

We want to express our sincere appreciation to you for approving our amendment request. We also acknowledge with gratitude the patience you have shown during this arduous but necessary process.

Also, we would like to express our appreciation to the DRCOG staff. Their effort, independence, and resolve to provide impartial information to the Board for this decision has proven they are professionals committed to the success of the organization and its elected officials, and to the regional planning effort they oversee on a daily basis.

Your decision confirms a vision that was embraced 23 years ago by this very organization. You have solidified, in a thoughtful way, the commitment to our region that planning for the future is not a luxury, but an imperative.

While some may have disagreed with this decision, we are confident that the proposal will help to address the needs of the region's growing population and vehicular traffic. Your leadership and foresight were instrumental in ensuring the continuation of the quality of life we enjoy in the Denver region.

We must implement plans that support our transportation network, our economic ability to maintain and create jobs, and support the government services our citizens have come to expect from all levels of government in the United States of America.

Again, thank you for your time, effort and patience in this process. Rest assured we will move forward prudently, recognizing the varied interests from jurisdictions. We are committed to creating a multi-modal arterial that benefits the entire region.

Regards,
